NAMJAM \_ DESERT ADVENTURE

“

Nestled in Namibia, the “Brandberg Traverse” is an epic desert trail- running adventure circumnavigating the Burning Mountain

# About Our Company

We create guided and fully supported multi-day trail running and open-water swimming adventures.

Our adventures are unique. They are challenging and will leave memories etched in your mind. They will push you and allow you to feel the exhilaration of new places and of achieving something outside of your own personal comfort zone.

Explore. Experience. Expand.

The "Burning Mountain" is a significant spiritual site for the San (Bushmen) with over 50,000 documented rock paintings bearing testament to this. The circular Brandberg Complex rises up from the flat desert plains with the highest point 2,573 m above sea level with a round footprint of 650 square km.

**Join the Nyati-x Team on this epic trail running adventure to circumnavigate the mighty Brandberg Mountains in Namibia**

**Namibia** Desert Adventure  
*Traverse the Burning Mountain*

Sandy river beds, bushy scrubland and flowing contours await. The trails on our adventure range from runnable to rocky, with the ascents and descents not requiring specialized skills or equipment. Expect soft sand! At night lie back and rest the body while soaking in the big night sky before drifting off to sleep in tents pitched on open plains.

**This fully supported adventure includes guides, permits, meals, accommodation and ground crew support points.**

This is desert adventuring at its best. Over 4 days and across 120km we trace the natural paths hewn into the surprisingly diverse landscape by herds of roaming zebra and springbok.
